# GUINEA INVESTMENT FORUM

**Guinea Investment Forum (Gulf)**, is the first transactional platform for key investment actors: Guinean government, national, regional and international economic actors, development partners in the Republic of Guinea.

This business forum materializes the vision of HEM the President of the Republic of Guinea, Professor Alpha Condé and his Government, to transform Guinea's tremendous potential into an economic, sustainable and inclusive reality.

Gulf, the unmissable business meeting, aims to mobilize public and private investors as well as sector experts around a space for exchanges made up of high-level panels, interactive sessions, "solvent" projects meeting financing needs.

From 24 to 25 February 2021, economic stakeholders will participate in this hybrid event (face-to-face and virtual) to share investment opportunities in Guinea. On 26 February for those who are able to travel to Guinea, tourist visits to local attractions and projects will be arranged.

The event is organized by the Private Investment Promotion Agency (APIP-Guinea) in collaboration with the African Development Bank (ADB) and the World Bank through its subsidiary the International Finance Corporation.
